

Employee of the Month for January 2010

The Mid Missouri Credit Union Employee of the Month for January is Delia Bristol

Delia has worked for the Credit Union since July 1995. She works as a Personal Financial Representative III at the Waynesville branch.

Delia moved here October 1982, when her husband was stationed here at Fort Leonard Wood.

Delia says, "I am married to Ed Bristol, a retired Warrant officer, currently working in Afghanistan as a QA technician, I have 3 children: Christopher- an IT supervisor in Blue Springs, MO who is engaged to be married on 12 June in Hawaii, a daughter Mabelle- an accounting Rep. at the Bank of America who is married to an Air force Staff Sergeant stationed in Maryland with their boys: Dante, Danus, and Tavien, and my daughter Dianne, a financial analyst at the Department of Agriculture in Lees Summit, MO who is married to the director of Technology at UMKC with a beautiful baby girl- Jolina. Also my beautiful dogs: Bubba, a 4 year old French bull dog and Rap-Rap a 1 year old Westie."

In her spare time, Delia says, "I enjoy fishing, gardening, watching TV, singing Karaoke with my family only, face book, and online chatting. When asked what Delia likes most about her job, she says, "The Credit Union is my home away from home, the staff is an extension of my family, I strive hard to give our members the best service they deserve whether it is a loan or any of our other services. To see a smile of satisfaction on their face is a feeling beyond compare!!!"

Delia takes care of a huge majority of the Waynesville loans and is always trying to help our members whenever possible. Some days she has members asking to see her from the time we open until after closing. She always tries to be available when the members need to come after work or on Saturdays to finalize their loan paperwork. Recently, she had a member bring her a bouquet of flowers and card to thank her for her wonderful help. We receive numerous verbal compliments on the quick turnaround time it takes to get a call back and answer to member's loan applications. If Delia cannot give the member an answer while they are in her office, she usually calls them within 30 minutes. We are very fortunate to have Delia on our credit union team and we appreciate the way she takes care of our members.

Congratulations Delia!
